Dead Man's Quest

$$(123/3) - 312 = _5$$
 $(123/3) - 312 = _5$

$$\frac{2}{2} \times \frac{2}{2} + \frac{2}{2} = -6$$

Address ye any CREW membr, "Ahoy Matey!" IF the response be "Aye aye, me hearty!" then may ye ask "What be the market price of" one item pictured above.
