

NAME: Sunshine's ship-shaped word search

HINTS:

- What do you think goes in the red box at the top of the page?
- Each color/symbol stands for a letter.
- Find the songs in the symbols.
- It's a wordsearch.
- Are all the symbols used?

METHOD: Each color/symbol represents a letter like in a cryptogram. A is a red skull, B is an orange skull, C is a yellow skull, D is green, E is blue, and F is violet. Next are the wheels (GHIJKL = ROYGBV), then anchors (MNOPQR = ROYGBV), then crowns (STUVWX = ROYGBV) and last, crosses (YZ = RO). Check out how the title works.

Then it's a simple word search. Each of the listed songs is hidden in the ship. Songs with more than one word can change direction between words.

The leftover letters read from top to bottom, left to right, like a book, spell the answer.
