**HINTS:**

- The DATA SHEET has all the answers from the other puzzles. Any thoughts on where to put them? Point out that the path on the map starts with a boat and ends with a cross, just like the answer sheet..
- Except for one pair of images (Davy Crockett and Indiana Jones), you're looking for the first syllable in each word.
- Are you drawing lines? Use a straight edge.
- For matching the pictures, hint as needed from the table below. Maybe just one to get them started.

**METHOD:**

- Step 1: solve the rebus. The answer is "CONNECT PAIRS OF PICTURES FOR ALL TEN PUZZLES. PICTURES MATCH LIKE <<JACK-IN-THE-BOX + POT BELLY = JACKPOT>>. SUBTRACT ONE FROM EACH CROSSED LETTER"
- Step x: [This step can happen before or after the next step]  
Write the letters from the answer slip onto the treasure path.
- Step x: [This step can happen before or after the previous step].  
Match the pictures as follows:

murder (tape outline of body)	mayday (crashing airplane)	MERMAID
computer	asterisk	COMPASS
Davy Crockett (coon skin cap)	Indiana Jones	DAVYJONES
sextuplets	tentacle	SEXTANT
shove (blue pushing red thing)	letter "L"	SHOVEL
starburst	charter (jet for rent)	STARRRCHARRRT
spider	glass blower	SPYGLASS
iPhone	Patch Adams (Robin Williams with clown nose)	EYEPATCH
parachute	rotten (bad banana)	PARROT
letter "C"	mentos	SEAMEN

(see diagram on next page)

Each image has a little white dot on it. Draw a line between the dots of pictures that match in the table above).

- Step 4: Follow the dashed path from the ship to the cross and write out the letters that are crossed by the picture-matching lines. You should have HPMECVMMJPO.
- Step 5: Subtract 1 from each of these letters to get the solution.
